

# KENYA MEDICAL DIRECTORY

2025/26 Edition

Kenya's Leading Healthcare Reference Guide

## ***Kenya Medical Directory 2025-26 Edition Subscription Form***

There is a huge demand from Health Sector stakeholders for HARD COPIES of this Directory. The justification many gave for preferring Hard Copies is that it is much easier to make references from a Hard Copy than from the Digital version.

Our recent attempt to reduce the number of Hard Copies to promote Digital version in the believe that most people have gone digital was heavily resisted because majority of our clients preferred on getting Hard Copies.

This Directory provides comprehensive information on contacts of Health sector stakeholders which makes business networking and marketing very convenient. When you have this Directory, you literally have the access to all information you need to know about Healthcare in Kenya

If you wish to view the current sediton of the Directory, visit our website **www.healthcareinkenya.com** on the Directory section and flip through the pages.

It is for the above reasons that we have launched a nationwide subscription of the Hard Copies for the 29th (2025/26) Edition. **If you opt to advertise, taking any space in the Directory, you do not need to fill this form.** Get all the information you require about advertising from the download section of the website, download the order form and choose your preferred advertisement space you require, fill it in appropriately and send it to us through the email or Safaricom numbers below.
